

The 1900s Review

Week 31 • Friday • Show What You Know!

Reading Time

This week you zoomed through the amazing 1900s! In 1900, there were no cars on the roads and no planes in the sky. Then everything changed.

The Wright brothers flew the first airplane in 1903 — just 12 seconds that changed the world. Henry Ford's assembly line put families in cars. Radios, TVs, refrigerators, and washing machines transformed homes. And in 1969, Apollo 11 carried Neil Armstrong all the way to the Moon!

You even became an inventor yourself and discovered 1900s inventions hiding all over your house. Now show what you know!
