

1 Warm-up: ±10 and ±100

2-min Fluency Warm-up — Mental math.

45 − 10 = _____

63 + 10 = _____

300 + 100 = _____

500 − 100 = _____

2 Mixed: Does It Need Regrouping?

Look at the ones first. Will you need to regroup? Write *yes* or *no*.

68 − 14: Regroup?

68 − 14 = _____

63 − 27: Regroup?

63 − 27 = _____

85 − 30: Regroup?

85 − 30 = _____

91 − 46: Regroup?

91 − 46 = _____

3 Word Problems

Think about what is happening. Draw a picture or write your thinking.

A farmer had 72 apples in his orchard. A storm knocked down some branches, and 28 apples fell to the ground and were lost. How many good apples does the farmer still have?

Draw or write your thinking: _____

_____ apples

The school had 85 library books checked out. By Friday, 37 books had been returned. How many books are still checked out?

Draw or write your thinking: _____

_____ books

4 Find the Error

One of these has a borrowing error. Find it, explain the error, and fix it.

53

− 17

44

✓ or ✗?

Explain the error: _____

Correct answer: _____

82

− 35

53

✓ or ✗?

Explain the error: _____

Correct answer: _____

5 Challenge: Create Your Own

Create Your Own

Make a subtraction problem that **needs regrouping**. Write it and solve it.

$$\begin{array}{r} \underline{} \\ - \underline{} \\ \hline \end{array}$$

Strategy I used: _____
